10 DOWNING STREET
LONDON SW1A 2AA

From the Private Secretary

DR. C. C. BRADLEY,
CABINET OFFICE

Thank you for the draft message for the Prime Minister to send with the NERC brochure "Our Future World". The Prime Minister has seen this but feels that a document of this sort containing a personal message of the kind proposed could be misconstrued. She would therefore prefer the larger print run to be distributed simply as it is.

DOMINIC MORRIS

18 May 1989
